

# Planning For The Future : House Of Cards

To reach my big goals I first need to accomplish smaller steps.  
I must complete these small steps to build a solid foundation for my big goals.

**This is like a House of Cards.**

If the foundation of the cards is not solid there is chance all the cards could fall and I might not reach my goals.

A pyramid of playing cards is shown on the left side of the page. The pyramid is built with four levels of cards. To the right of the pyramid, there are three thick horizontal black lines extending across the page. The text 'BIG GOAL' is positioned above the top line.

**BIG  
GOAL**
