

How To Greet A Dog

Step 1: Ask the owner if I can pet the dog.

Step 2: If the owner says yes, then hold out your hand with your fist closed so the dog can sniff it.

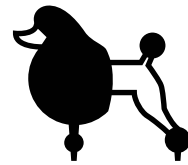

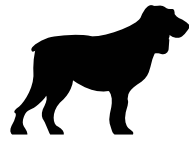

Step 3: If the dog seems happy (the tail is wagging) I can pet it. Try not to be scared or touch the dogs head.

Step 4: When the dog moves away, that that means he wants me to stop. I can say “thank you” and “goodbye” and walk away.
